

## NEW PHASE NOW OPENING IN THE VERDUN BATTLE

Violence of Fighting Thought  
to Indicate Another At-  
tempt by Germans to Carry  
Fortress by Assault.

[By Evening Herald Special Wire]  
Paris, April 3.—(U. S. A. T. C.) A new phase of the battle of Verdun has opened and the better prospects that the soldiers of the French army have shown in their fighting efforts in the last few days to win the fortress, is the first sign of a new phase in the battle.

Yesterday's fighting on the Meuse was not unimportant in the present battle of Verdun. The French army, which had been fighting for several days, had now won a little more ground, and in the morning the French army had won a little more ground, and in the morning the French army had won a little more ground.

The total loss of the French army in the battle of Verdun was not unimportant in the present battle of Verdun. The French army, which had been fighting for several days, had now won a little more ground, and in the morning the French army had won a little more ground.

## A REMARKABLE STATEMENT

Mrs. Sheldon Spent \$1900 for  
Treatment Without Benefit. Finally Made Well by  
Lydia E. Pinkham's Vegetable Compound.

Englewood, Ill. — "While going through the Change of Life I suffered with headaches, nervousness, flashes of heat, and I suffered so much I did not know what I was doing at times. I spent \$1900 on doctors and not one did me any good. One day I was called at my house and told that I had been as sick as I was now, and Lydia E. Pinkham's Vegetable Compound made me well, so I took it and now I am just as well as I ever was. I cannot understand why women don't see how much pain and suffering they would escape by taking your medicine. I cannot praise it enough for it saved my life and kept me from the Insane Hospital."

Mrs. E. Sheldon, 6657 S. Halsted St., Englewood, Ill.  
Physicians unaided did their best, but with the case steadily and could do no more, but often the most scientific treatment is surpassed by the medicinal properties of the good old fashioned roots and herbs contained in Lydia E. Pinkham's Vegetable Compound.

If any complication exists it pays to write the Lydia E. Pinkham Medicine Co., Lynn, Mass., for special free advice.

# A New Fact About Water Cost For Taxpayers

## Municipal Ownership May Be Good But It Should Also Be Fair

Under the present arrangement for the Bond Issue, Tax-payers have to contribute \$30,000 a year for the benefit of twenty times their number of non-taxpayers.

The interest and Sinking fund alone equal fourteen cents a thousand gallons. (We Challenge contradiction.)

In 1915 citizens used 214,000 thousand (214,000,000) gallons of water

The Interest and sinking fund is \$30,000 a year and increases yearly.

Is that fourteen cents a thousand or not? Figure it for yourself.

QUESTION: How do the municipal ownership folks expect to sell cheaper water?

ANSWER: By taxing the property owner. There is no other way.

QUESTION: How can the Water Company sell cheaper water than the city?

ANSWER: Because they do not have to pay a sinking fund and not much interest and can operate more economically.

### TAX-PAYERS REMEMBER:

You are asked to donate fourteen cents for each one thousand gallons of water sold by the city.

Before we have city ownership let our council find a legal way whereby the water users pay the bill.

As now offered each tax-payer donates free water for twenty other people
